THE BEAMA JOURNAL

A QUARTERLY REVIEW OF
BRITISH ELECTRICAL AND ALLIED ENGINEERING

Index to Volume 67, 1960

Number	Month	Pages
1	February	1-44
2	May	45-82
3	August	83-130
4	November	131-176

PUBLISHED BY

The British Electrical and Allied Manufacturers' Association (Incorporated)

36 & 38 KINGSWAY, LONDON, WC2

A C Motor Control, A New Approach to 32
A S E E Exhibition: Dinner 134; Report 52
African Mine Winder with Mercury Arc Conversion 148
Allen West & Co Ltd: Electrical Proving Station 77
Alternators: Britain to have World's Largest Generating Sets 3
Association of Short-Circuit Testing Authorities: 21st Anniversary Dinner 11; Rules for the Short-circuit Testing of Circuit-Breakers and Automatic Switches (*Review*) 13
Australia: British Industrialists visit Western 147
Automatic Washing Machine by English Electric 75
Automation, Instruments, Electronics and, Exhibition 126

Batteries, Recent Developments in 148
Battery Electric Traction (McKellen, P. E.) 106
Battery-driven Trucks, Novel Use for 112
Blankets and Pads, Electric 65

Book Reviews
Aircraft Electrical Engineering (Wakefield, G. G.) 43
Analysis of Deformation, Vol 4 (Waves and Vibrations) (Swainger, K.) 175
Application of Theory of Matrices (Gantmacher, F. R.) 42
Atomic Age Physics (Semat, H. and White, H. E.) 130
Basic Physics of Atoms and Molecules (Fane, U. and Fane, L.) 130
Basic Technical Electricity (Cotton, H.) 129
British Plastics Year Book, 1959 43
British Plastics Year Book, 1960 129
Circuit Theory of Linear Noisy Networks (Hans, H. A. and Adler, R. B.) 130
Digest of Literature on Dielectrics, Vol 22 (Soderman, R. A. and Frisco, L. J.) 81
Dynamical Analogues (Olsen, H. F.) 42
Economic Circuit Theory (Zimmermann, H. J. and Mason, S. J.) 81
Electrical Engineering (Theory and Practice) (Erickson, W. H. and Bryant, N. H.) 81
Electrical Machines (Direct and Alternating Current) (Siskind, C. S.) 80
Electrical Noise (Bell, D. A.) 80
Electrical Trade Directory, 1960 129
Electrical Who's Who, 1960-61 176
Electrician's Mate 147
Electricity Undertakings of the World 81
Elementary Mathematical Programming (Metzgen, R. W.) 130
Elementary Matrix Algebra (Hohn, F. E.) 42
Elements of Determinants, Matrices and Tensors for Engineers (Stigant, S. A.) 175
Exploding Wires (Chace, W. G. and Moore, H. K.) 80
F B I Register of British Manufacturers, 1960 81
Foundations of Electrical Engineering (Cotton, H. and Golding, E. W.) 129
Garcke's Manual of Electricity 43
Glossary of Atomic Terms 129
Heating of Cables (Goldenburg, H.) 43
I E C Tracking Test. Design of an Automatic Tracking Comparator (Parkman, N.) 175
Impulse Voltage Testing (Hawley, W. G.) 42
Inventions, Patents and their Management (Berle, A. K. and Sprague de Camp, L.) 176
Linear Network Analysis (Seshu, S. and Balabanian, N.) 129
Masers (Singer, J. R.) 81
Mathematical Programming and Electrical Networks (Dennis, J. B.) 81
Metal Industry Handbook and Directory, 1960 129
Modern Electronic Components (Dummer, G. W. A.) 129
Performance and Design of Direct Current Machines (Clayton, A. E. and Hancock, N. N.) 175
Photoconductivity of Solids (Bube, R.) 176
Practical Electrician's Pocket Book (Norris, R. C.) 43
Principles of Alternating Currents (Sluckin, W. and Greener, J. R.) 129
Progress in Dielectrics. Vol 2 (Birks, J. B. and Schilman, J. H.) 80
Properties, Physics and Design of Semiconductor Devices (Shive, J. N.) 81
Protection of 11 kV and 33kV Bushings from Damage by Arcs in Still Air and in a Wind (Guile, A. E.) 42
Rules for the Short-circuit Testing of Circuit-Breakers and Automatic Switches (A S T A No 22) 13
Scientific Russian (Codogannis, G. E.) 130
Semiconductor Abstracts: Vol IV (Paskell, E.) 81
Servomechanisms and Regulating System Design: Vol 1 (Chestnut, H. and Mayer, R. W.) 81
Simple Approach to Electric Computers (Hersee, E. H. W.) 129
Solid-State Magnetic and Dielectric Devices (Katz, H. W.) 176
Statistical Year Book of the World Power Conference 128
Statistical Quality Control (Allan, D. H. W.) 130
Symmetrical Components Applied to Electric Power Networks (Calabrese, G. O.) 130
Thermodynamics (Van Wylen, G. J.) 80
Theory and Design of Inductance Coils (Welsby, V. G.) 175
Wireless and Electrical Trader Year Book, 1960 81
Work Measurement (Rotroff, V. H.) 80
(*End of Book Reviews*)

Bragg, Sir Lawrence: The Royal Institution and The Teaching of Science 35
Britain to have World's largest Generating Sets 3
British Automatic Greenhouse at the Ghent 'Floralia' 41
British Domestic Appliances Industry 46
British Domestic Appliances at the Cologne Fair 131
British Electrical and Allied Industries Research Association: Electronic Network Analyser 6; Reorganisation 147; Review of Annual Report 175
British Electrical and Allied Manufacturers' Association: Annual Report 45; Cologne Hardware Fair 58, 131; Ghent Fair 41; International Standards 84; Railway Electrification Conference 83, 110, 131, 139, 149, 172; U S S R Welding Delegation 112
British Electrical Exports in 1959 1
British Electrical Power Convention 74, 83, 115
British Industrialists Visit to Western Austrialia 147
British Railways: Orders for Diesel-electric Locomotives 112; Lighting Fittings for Construction Work 112; The 'Midland Pullman' 89; Railway Electrification Conference and Exhibition 83, 110, 131, 139, 149, 172; 25 kV Locomotives 4
British Traction Industry 83
Broughton, S.: Vacuum Cleaners Began in Britain 62
Burco 'Twenty-One' Washing Machine 75

C I G R E Conference, 1960 (Stubbs, T. M. H.) 118
Canadian Distribution for British Welding Equipment 147
Canberra, The S S: Cargo Transporters 125; The Liner of a New Decade 47
Canned Motors 20
Cansdale, J. H.: Electric Traction for City and Suburban Services 94
Cargo Transporters in the *Canberra* 125
Central Electricity Generating Board: B E P C 115; Drakelow C Power Station 132; Sixth Nuclear Power Station 112; Equipment for 380 kV System 112; Little Barford B Power Station 50; Progress of Generation 1; Sizewell Nuclear Power Station 57; Thorpe Marsh Power Station 3
Chalmers, B. J. A.: Computer Method of Determining the Variation of Induction Motor Magnetisation with Speed 29
Circuit-Breakers, Miniature 173
City and Suburban Services, Electric Traction for (Cansdale, J. H.) 94
Class 'E' Insulation, Motors with 25
Coffee, V.: The Electric Cooker Industry 69
Cologne Hardware Fair 56, 131
Comprehensive Electrical Proving Station 77
Computers, Another Large Installation 14
Computer, First E M I D E C Starts Work 147
Computer Method of Determining the Variation of Induction Motor Magnetisation with Speed (Chalmers, B. J.) 29
Conference, Railway Electrification, Banquet at Guildhall 172
Conference and Prospects for British Industry in Railway Electrification Overseas (Rooney, D. H.) 137

Conferences: British Electrical Power Convention 74, 83, 115; C I G R E, 1960, 83, 113; Electronic Forum for Industry 148; Railway Electrification 83, 110
Cooker Industry, The Electric (Coffee, V.) 69

D C Traction Systems, Substations for (Stevens, F. G.) 101
Design and Installation of Overhead Equipment (Rooney, D. H.) 104
Development of International Standards 84
Developments in Electrical Power Storage 148
Dielectric Heating Generator 174
Diesel-Electric Locomotives, Further Orders 112
Diesel-Electric Trains, Britains Newest High-Speed Luxury 89
Dishwasher, A New 38
Domestic Appliances at Ideal Home Exhibition 72
Domestic Appliances Industry, The British 46
Domestic Appliances at the Cologne Fair 131
Domestic Laundering Industry, The Growth of the (Furness, H. J.) 67
Drakelow C Power Station: Supercritical Pressures 132
Duke of Edinburgh Visits an Electrical Engineering Factory 13
Dungeness Nuclear Power Station: Work Started 112

Electric Cooker Industry (Coffee, V.) 69
Electric Locomotive, British Railway's First Operational 25 kV 4
Electric Motor Development and the User (Hill, C. V.) 22
Electric Traction for City and Suburban Services (Cansdale, J. H.) 94
Electrical Equipment in the RMS *Windsor Castle* 133
Electrical Engineers (A S E E) Exhibition 52, 133
Electrical Horizons at the B E P C 115
Electro-Magnetic Pumps 21
Electrolux Suction Cleaner, The New 38
Electronic Fault Detector for H V Power Lines 122
Electronic Forum for Industry, Conference Report 148
Electronic Network Analyser, The E R A 6
Electronic Telephone Exchange, Experimental 40
Electronics, Instruments and Automation Exhibition 126
English Electric House 135
Evolution of The Railways (Jowett, W. G.) 97
Exhibitions: Cologne Hardware Fair 58, 131; Electrical Engineers (A S E E) 11, 52, 134; Ghent Fair 41; I E A 126; Ideal Home 72; Railway Electrification 131, 139
Exports, British Electrical 1

Fault Detector for H V Power Lines 122
Feeder Station Equipment on British Railways 160
Ferranti, S. Z. de: The World Power Conference Sectional Meeting, Madrid 113
Foot-Operated Rotary Ironer 76
Furness, H. J.: The Growth of the Domestic Laundering Industry 67
Future Locomotives (Railway Electrification Conference) 171

Generating at Supercritical Pressures 132
Generation: B E P C 115; Progress 1; World's Largest Generating Sets 3
'Going Electric' at the Ideal Home Exhibition 72
Greenhouse at the Ghent 'Floralia', British Automatic 41
Growth of the Domestic Laundering Industry (Furness, H. J.) 67

Hair Dryers 66
Heating Appliances, Portable and (Richards, C.) 65
Heating Installation, A New Road 39
Heating Mantle, An Unusually Large 13
Hill, C. V.: Electric Motor Development and the User 22
Honours in the Electrical Industry 84
Hoover Constellation Cleaner, New Version of the 38
Hydro-Electric Generating Plant for Spain 57
Hydro-Electric Generators, 5 to 25 kW 122

Ideal Home Exhibition, 'Going Electric' at the 72
Induction Coupling Unit, A Versatile 32
Induction Motors: Some Basic Principles of their Application (Myers, H.) 15
Instruments, Electronics and Automation Exhibition 126
Insulation and Continuity Tester 76
Insulators, Heavy Duty, for Extra High Voltages 122
Interference Problems and Railway Electrification 152, 162, 166
International Conference on Large Electric Systems (Stubbs, T. M. H.) 118
Ironer, Foot-operated Rotary 76
Ironers 68
Irons, Electric 66
Isolators for Scottish Supergrid 148
Isotope Research Programme, U K A E A's Industrial (Stubbs-Walker, J.) 123

Jowett, W. G.: Evolution on the Railways 97

Laundering Industry, The Growth of the Domestic (Furness, H. J.) 67
Light Fittings Help Overhead Electrification 112
Lighting Fitting, Miniature Fluorescent 37
Little Barford B Power Station 50
Live Line Indicator, 'Metrac' 76
Locomotive and Allied Manufacturer's Association at Railway Electrification Conference 83, 110, 139, 172
Locomotives (British Railways Electrification Conference) 153, 171
London Transport 94
Lord Nelson of Stafford (Elevation to Peerage) 2

McKellen, P. E.: Battery Electric Traction 106
Mercury Arc Conversion, First African Mine Winder with 148
'Midland Pullman'—Britain's High-Speed Luxury Diesel-Electric Train 89
Monitor, Portable Contamination 37
Motor Control, A New Approach to a c 32
Motor Design, a c with Particular Reference to British and American Standards 22
Motor Magnetisation, A Computer Method of Determining the Variation of Induction with 29
Motors, Brake 37
Motors, Induction: Some Basic Principles of Their Application (Myers, H.) 15
Motors for Locomotives and Multiple Unit Trains 153, 157
Motors for Oil Refineries 57
Motors for Rhodesia 57
Motors, T E F C, Industrial 37, 26
Motors, Test Plant for Large High-speed 34
Motors, Tropicalised Shaded Pole 174
Multiple Unit Trains (Railway Electrification Conference) 153
Myers, H.: Induction Motors. Some Basic Principles of Their Application 15

Network Analyser, The E R A Electronic 6
New Approach to a c Motor Control 32
North of Scotland Hydro-Electric Board; Electronic Fault Detector for H V Power Lines 122
Nuclear Power Stations: Dungeness 122; Sizewell 57

Overhead Equipment, Design and Installation of (Rooney, D. H.) 104
Overhead Line Equipment (Railway Electrification Conference) 163

Pantographs (Railway Electrification Conference) 165
Parnall Spin-Washer 75
Pig Iron from Reclaimed Scrap Steel 13
Planer Drives, Ward Leonard (Shaw, J.) 27
Portable and Heating Appliances (Richards, C.) 65
Power for Industry 2
Power Supply (Railway Electrification Conference) 160
Propulsion Turbo-Alternators, S S *Canberra* 47
Protection Scheme for Distribution Lines 74
Proving Station, A Comprehensive Electrical 77
Pumped Storage Scheme, Valdecanas 57

Railway Electrification:
Battery Electric Traction 106;
British Railways Electrification Conference 83, 110, 149–172;
City and Suburban Services 94;
Design and Installation of Overhead Equipment 104, 163;
Electrification in Great Britain 85, 149;

Evolution of the Railways 97; Exhibition 131, 139; 'Midland Pullman' 89; Orders for Traction Equipment 112; Substations for d c Systems 101;
Railway Electrification in Great Britain (Warder, S. B.) 85, 149
Railway Electrification Overseas, The Conference and Prospects for British Industry in (Rooney, D. H.) 137
Rectifier Equipment, A 2.6 MW Silicon 14
Rectifiers in Locomotives and Multiple Unit Trains 153, 157
Refrigeration Market (Wood, R. Craig) 60
Refrigerators by Air to U S A 57
Remote Control, A Power Station with Complete 50
Rhodesia, Large Motors for 57
Road Heating Installation, A New 39
Rooney, D. H.: The Conference and Prospects for British Industry in Railway Electrification Overseas 137; Design and Installation of Overhead Equipment 104
Royal Institution and the Teaching of Science (Bragg, Sir Lawrence) 35

Sanding Attachment for Power Drills 38
Shavers, Dry 66
Shaw, J.: Ward Leonard Planer Drives 27
Silicon Rectifier Equipment, A 2.6 MW 14
Signalling and Interference (Railway Electrification Conference) 166
Sizewell Nuclear Power Station; Consent Given 57
South of Scotland Electricity Board: Isolators for Supergrid 148; Unique Electricity Substation 136
Spanish £2½ million Contracts 57
Speed /Torque Characteristics of Induction Motors 17
Spin Dryers 67
Spin-Washer, The Parnall 75
Standards, A C Motor Design with Particular Reference to British and American 22
Standards, Development of International 84
Steel Thickness Gauge, New 173
Stevens, F. G.: Substations for d c Traction Systems 101
Stubbs, T. M. H.: The 1960 C I G R E Conference 118
Substations for d c Traction Systems (Stevens, F. G.) 101
Suction Cleaners, New Electrolux 38
Supercritical Pressures, Generating at 132
Supervisory Remote Control of Railway Power Supply 161
'Swanmaid' Dishwasher 38
Switch-Fuse Units, Extended Range of High Voltage 173
Switchgear, New Design of 500 V 173

Telephone Exchanges, Electronic 40
Television, New EMI '3 D' 174
Test Plant for Large High-speed motors 34
Testing and Research (Railway Electrification Conference) 171
Thorpe Marsh Power Station 3
Trade Publications 14
Transformers for Locomotives and Multiple Trains 153, 157
Transmission, C E G B 380 kV 112
Tumble Dryers 68
Turboalternators: Britain to have World's Largest 3; Generating at Supercritical Pressures 132

U S S R: British Welding Industry Delegation Visits 112
Unique Electricity Substation 136
United Kingdom Atomic Energy Authority: Industrial Isotope Research Programme 123

Vacuum Cleaners Began in Britain (Broughton, Stanley) 62
Verity's New Management 13

Ward Leonard Planer Drives (Shaw, J.) 27
Warder, S. B.: Railway Electrification in Great Britain 85, 149
Washing Machines, New 75
'Waste' Worth £70 million. U K A E A's Industrial Isotope Research Programme (Walker, J. Stubbs) 123
Welding Equipment, New Canadian Distribution for British 147
Welding Industry Delegation's Visit to U S S R 112
Windsor Castle: Electrical Equipment in the *R M S* 133
Wood, R. Craig: The Refrigeration Market 60
World Power Conference 83, 113, 128
